

X2SMARTCONTROL – ONE HMI FOR EVERYTHING

Do you wish you had a standardized user interface across all your Uhlmann machinery? With the new X2SmartControl, you can bring existing HMI and all lines right up to date quickly and easily. For increased safety and maximum performance in pharmaceutical packaging.

NEW!
FROM MARCH
2022

WHAT WE OFFER ...

- Ein One HMI for everything: The upgrade for existing Uhlmann machinery
- Visualized user interface across the entire packaging process
- The entire packaging line is controlled by each HMI operating system
- Intuitive, clearly structured layout and standardized error messages and warning messages
- Standard interfaces for even more automation

... AND THE BENEFITS FOR YOU

- Top performance and maximum safety in pharmaceutical packaging
- Standardized operating philosophy across all Uhlmann machines
- Quick troubleshooting thanks to easy-to-understand error messages and warning messages
- Simplified validation when switching from TouchControl HMI to X2SmartControl HMI
- More sustainable option of upgrading existing equipment
- Enhanced connectivity for the applications of tomorrow
